

Grifols has been included in the FTSE4Good Index

Barcelona, July 16, 2018.- Grifols (MCE: GRF, MCE: GRF.P, NASDAQ: GRFS), a global healthcare company that enhances the health and well-being of patients through the development of plasma-derived medicines, clinical diagnostic solutions and specialty pharmaceuticals for hospital use, has been included in sustainability stock index FTSE4Good.

The sustainability indices consider environmental, social and governance (ESG) criteria in addition to financial indicators.

Specifically, Grifols has been chosen to form part of the FTSE4Good Global, FTSE4Good Europe and FTSE4Good Ibex indices.

The FTSE4Good Index independently rates companies on their environmental, social and corporate governance (ESG) performance. The FTSE4Good indices are used by a broad range of financial market agents in their investment decisions.

The benchmarks for inclusion in FTSE4Good are based on an extensive market consultation process that encompasses numerous stakeholder groups, including government entities, consultants, academics, investment experts, the business community and NGOs.

About Grifols

Grifols is a global healthcare company with more than 75 years of legacy dedicated to improving the health and well-being of people around the world. Grifols produces essential plasma-derived medicines for patients and provides hospitals and healthcare professionals with the tools, information and services they need to help them deliver expert medical care.

Grifols' three main divisions – Bioscience, Diagnostic and Hospital – develop, produce and market innovative products and services that are available in more than 100 countries.

With a network of 225 plasma donation centers, Grifols is a leading producer of plasma-derived medicines used to treat rare, chronic and, at times, life-threatening conditions. As a recognized leader in transfusion medicine, Grifols offers a comprehensive portfolio of diagnostic products designed to support safety from donation through transfusion. The Hospital Division provides intravenous (IV) therapies, clinical nutrition products and hospital pharmacy systems, including systems that automate drug compounding and control drug inventory.

Grifols is headquartered in Barcelona, Spain and has 18,300 employees in 30 countries.

In 2017, sales exceeded 4,300 million euros. Grifols demonstrates its strong commitment to advancing healthcare by allocating a significant portion of its annual income to research, development and innovation.

The company's class A shares are listed on the Spanish Stock Exchange, where they are part of the Ibex-35 (MCE:GRF). Grifols non-voting class B shares are listed on the Mercado Continuo (MCE:GRF.P) and on the US NASDAQ via ADRs (NASDAQ:GRFS).
